

December 2020 Parent Survey Results

The Susquehanna Community School District surveyed parents of school aged children within the district. This survey was conducted the last two weeks of December 2020. The following are the results.

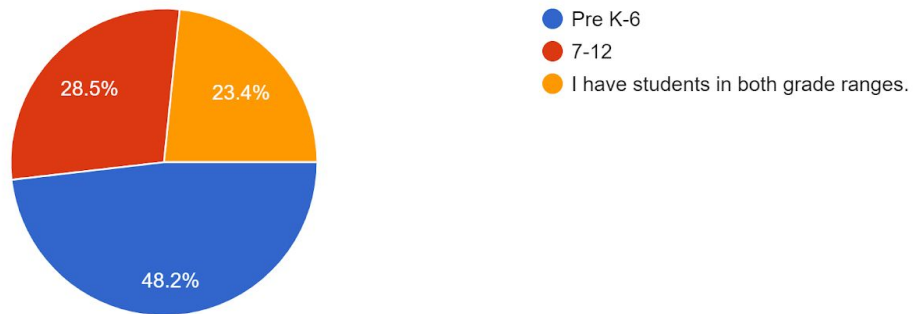

Question: How many children do you have enrolled in the Susquehanna Community School District?

273 responses

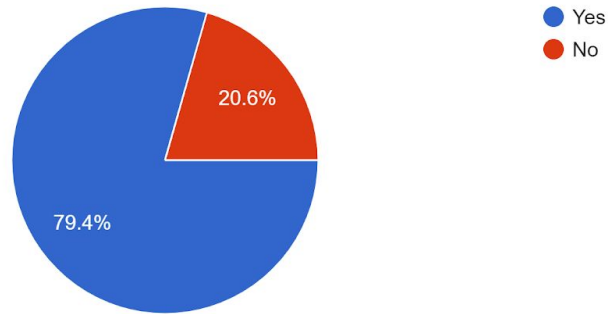

Question: What grades are your children in?

274 responses

Question: Do you support the return of the SCSD to the hybrid instructional format (students are on campus and receive in-person face-to-face instruction two days per week) while Susquehanna County is in the Substantial Category of Covid-19 transmission?

272 responses

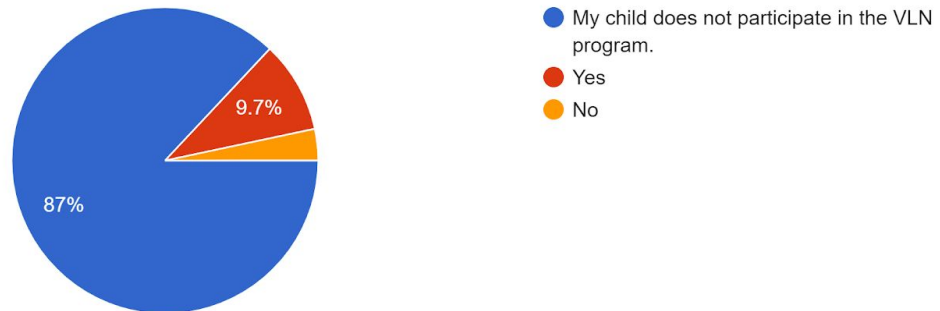

Question: How many consecutive weeks of Susquehanna County Covid-19 transmission rates in the Low or Moderate Level would you feel comfortable with before the district moved to a full return of all students to daily in-person face-to-face instruction? The district would meet social distancing recommendations to the maximum extent possible and continue to follow the Pennsylvania masking requirements.

269 responses

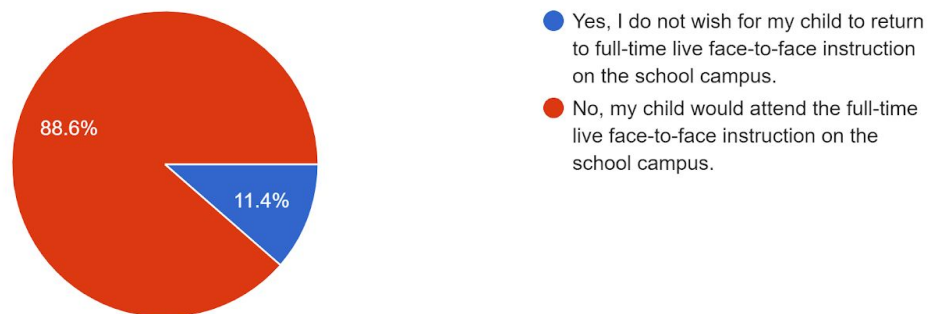

Question: If your child is currently a student in our VLN program, would the movement by the SCSD to a full-time in-person face-to-face instructional format result in your child returning to in-person face-to-face instruction on the SCSD campus?

269 responses

Question: If your child was attending the live in-person face-to-face instruction two-days per week, prior to the district moving to the current temporary virtual learning format, would a switch to a full-time in-person face-to-face instruction format result in you seeking a virtual learning educational option?

263 responses

Question: When the Coronavirus vaccine is available for the general population, do you plan on having eligible members of your family vaccinated?

274 responses
