

April 2, 2024

Tabitha Marean, a junior, was chosen by her art teacher, Melissa Sussman, for her exceptional artistic talent, creativity, and productivity. Outside of her art, Tabitha enjoys reading and playing video games. Following high school, she plans to pursue an author/illustrator career or create commissioned art.

Quote from Tabitha: "I have been creating art for quite a few years now, placing a special emphasis on watercolor painting. I enjoy reviewing my past and present work and witnessing my growth. Character design is of special interest to me."
